

February 2024

Dear Parent/ Carer

We're starting the Eat Them to Defeat Them campaign from Veg Power! We'll be serving four delicious international meals to get children eating more veg:

Thursday 29/2/24: African Chicken and Veg Jollof, Rumble in the Jungle!

Thursday 7/3/24: South American Beef Chilli Quest

Thursday 14/3/24: Italian Pasta Power Play

Thursday 21/3/24: Caribbean Challenge, Chicken Jerk

These meals will be one of the three meal options on that day. If your children would like to take part in school meals during the campaign from 26th February to 22nd March, please let the school office know. If your children already have school meals, we hope they enjoy these delicious dishes!

Veg Power's mission is to inspire kids to love vegetables. So far 1.5 million children have taken part in the school campaign and Veg Power's survey showed that 77% of parents say that their children ate more veg after the campaign.

Look out for the children's take-home packs with stickers to reward children for eating their veg at home.
